Freedom of Information Act Disclosure log - Reply Extract

You asked

Would it be possible to request a copy of the organisation chart for Plymouth Hospitals NHS Trust? I'm particularly interested in the areas of Senior Management, Information, Performance, Data, Analytics & IT.

Our reply

The Trust does not hold the information requested as a single item. The nature of staff movement in such a large organisation makes the use of an organograms for the whole Trust unreliable. They become obsolete within a short period.

I can advise you that details about our Board member details are available on the Trust website at: <https://www.plymouthhospitals.nhs.uk/trust-board>

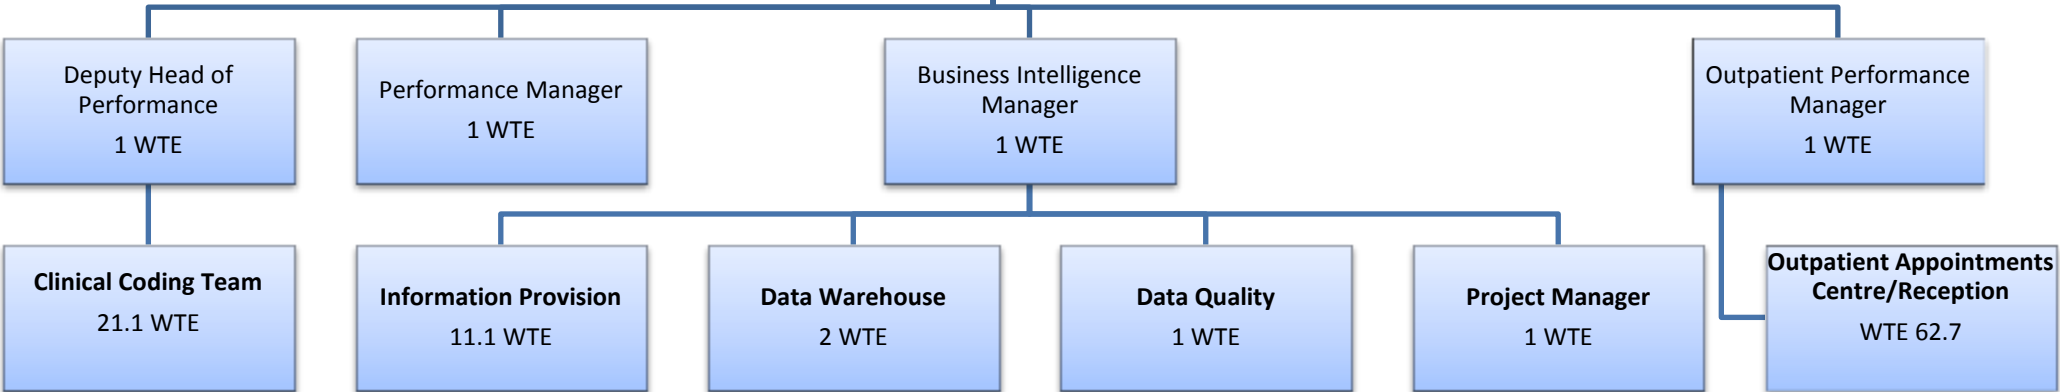

In addition, I am adding the most recent organisational charts for:

1. Information Governance
2. ICT services
3. Finance Directorate
4. Performance

“Contact us” details are available on the Trust website at <http://www.plymouthhospitals.nhs.uk/contact-us>. This includes an online enquiry form.
