## Freedom of Information Act Disclosure log - Reply Extract

You asked

I want to submit a request for some information from the Trust in relation to their contract's register.

The contract register should display all the Trust existing/live contracts this includes medical and non-medical. I would like the register to display the following columns:

1. Contract Reference
2. Contract Title
3. Supplier Name
4. Spend (Total or Annual)
5. Contract Duration
6. Contract Extensions
7. Contract Dates
8. Contract Description
9. Contact Owner (Full contact details if possible.)
10. CPV codes/ProClass
11. Framework or Tender Reference

### **IMPORTANT**

You may forward me a Weblink to a portal to download the contract register, please make sure all of the Trust's contract are provided as doing prior research I have found that most Trusts have only uploaded a small portion of all of their contracts.

Please do not think that this is the only information I require if you could provide me with more information that would be great.

### **Contract Data/API Contact Details**

12. Can you also provide me with contact details of the person responsible for the actual contract's register or someone responsible for API? Name, Job Title, Telephone, Email Address

*(Meaning of API "a set of functions and procedures that allow the creation of applications which access the features or data of an operating system, application, or other service.")*

Please provide me with the contract's register file in an excel format.

## **Our response**

Please find attached response to your Freedom of Information Act request.

Please address all business enquiries to the Procurement team at: [plh-tr.plymouthprocurement@nhs.net](mailto:plh-tr.plymouthprocurement@nhs.net) Other contact details are provided above.

We do not hold CPV codes on our contracts database so this also has not been provided.

**Attachments included:** Yes
