You asked

1. Please can you give me a breakdown of staff numbers for each of the last 3 years showing numbers of UK citizens, Other EU citizens and non-EU citizens in each year and each job category?

Please see below tables, noting the legal position below.

However, please note that the Trust has provided the information of the interpretation of 'job category' meaning 'staff group'.

Legal position

University Hospitals Plymouth NHS Trust is confirming in accordance with section 1 (a) of the Act that it holds the information requested and is supplying it in accordance with section 1(b) unless otherwise specified.

Please find the answers to your questions noting that we have refused low numbers, redacting the data set where numbers are five or fewer. We must also refuse the total figure. This is because it can be used to calculate lower numbers. We have provided a banded total. This avoids a breach of the first two DPA principles and the general right to object to processing.
