As you know we have a real passion for rehab and recovery and we are so pleased that you are keen to share the #Rehablegend campaign with your teams of amazing patients, loved ones and colleagues.

The campaign is about trying to push holistic recovery, breaking down professional barriers and role identification. Recovery is everyone's responsibility, irrespective of role, designation or location.

We are currently applying for external grants to continue to fund the distribution of badges and lightboxes so we would appreciate any support that you can offer.

If you would like to support us by sending a donation for your badges.
