

Email Template to be send to PI's on receipt of EOI

Dear Dr _____

Please find some new study information attached. Please complete the information below if you wish to express an interest or let me know if you would prefer to decline.

1. How many patients in this setting will be seen with this condition?
2. Using the exclusion criteria how many of these patients would be eligible to take part in this study?
3. What percentage of these would you expect will be motivated to take part?
4. Considering the answers above, how many recruits would you anticipate over the time period?
5. Planned recruitment strategy

*Where appropriate, insert '**additional information requested by Sponsor**' question contained within the email attachment titled 'siteidentification' sent from R&D
