File reference	W21FOI086
Key words	Venesection Procedures Carried for Treatment for Genetic Haemochromatosis
Date of release	28/05/2021
Attachments	No

You asked

- a. **For the most recent 12 month period available, the number of venesection procedures carried out by your organisation as a therapy or treatment for genetic haemochromatosis?**

The Trust does not hold the information. It is not reportable.

- b. **For the most recent 12 month period available, the average total cost of a venesection appointment (to include clinical consumables, nursing or phlebotomy staff time, administrative overheads etc)**

The Trust does not hold the information. It is not reportable.

If your organisation does not perform venesection procedures, no response is necessary.
