Date of release	25/08/2021
Attachments	No

You asked

Would it be possible to have the number of registered audits/QIPS/service improvements/research projects at your Trust (since October 2020), and of those, how many have an environmental/sustainability agenda?

Our reply:

The Trust does not keep a consolidated lists of “registered audits/QIPS/service improvements/research projects” – these would be held individually by service lines and departments across the organisation. Therefore, it is not possible to provide an answer to this question.

Similarly, it is therefore not possible to calculate how many of these have an environmental /sustainability agenda.

Advice and Assistance

The Trust is implementing its Sustainable Development Green Plan, the details of which can be found here: <https://www.plymouthhospitals.nhs.uk/our-publications> (For a Greener Future).
