Leading with excellence, caring with compassion

MEMS

Medical Equipment Management Service

MEMS offers a range of services for Opticians, including a local comprehensive maintenance service and repair level agreements and ad-hoc medical equipment repair service. MEMS aim is to help ensure your medical equipment is kept in good working order, including the range of specialist optical medical equipment, end of life support, decontamination and advice on replacement devices. Our workshop services at Derriford Hospital include a wide range of mechanical equipment and devices including:

- ◆ ECG Recorders
- ◆ Clinical Chairs
- ◆ Field Analyses
- ◆ Patient Monitors
- ◆ Digital Cameras
- ◆ Slit Lamps
- ◆ Volumetric Infusion Pumps
- ◆ Surgical Lasers
- ◆ Defibrillators
- ◆ Optometry Equipment
- ◆ Audiometry Equipment

Our Commitment to you

Our services are designed to support individual organisation requirements with a cost effective solution. We will supply as part of agreement with you:

- Pre-purchase assessment and advice
- Annual inspections
- Onsite maintenance for larger equipment
- Calibration of medical devices
- Repairs for portable items at our well equipped workshop
- IEC 62353 Electrical Safety Checks
- Equipment disposal advice

We will endeavour to respond to urgent requests within 24 hours during our normal working days.

For further information on our Service Level Agreements and ad-hoc repair service and procurement of medical devices please call MEMS on: **01752 431333**
