Plymouth Hospitals NHS Trust is confirming in accordance with section 1 (a) of the Act that it does not hold the information requested in any collated format. Individual records of how someone was treated and their conditions would be held in clinical records, but the Trust could not locate, extract and collate such information as requested within the limitations of the Act. It is therefore considered exempt from supply in accordance with section 12(2) of the Act – Request exceeds the

appropriate limit by virtue of section 13.-(1)(a) – The Cost of Compliance exceeds the appropriate limit.

Please find the answers to your questions noting that we have redacted the data set where numbers are five or fewer. This avoids a breach of the first two Data Protection Act principles. This is in accordance with section 40.-(2)(a) and (b) by virtue of section 40.-(3)(a)(i), the personal information exemption as described in the Freedom of Information Act. A detailed rationale is provided in the attached document L3.
