### You asked

I have just seen Prof Pinkney on BBC Spotlight and heard him whilst taking part in a Radio Devon programme on our NHS. He spoke of patients being dealt with by junior doctors and how it was possibly better that they be seen by GPs at the front door of the hospital. No mention of the seniors in general medicine - up to consultant level. I searched 'general medicine' and 'medicine' and 'medicine specialism'. All negative.

Please give me the numbers in all grades of those serving 'general medicine' at Derriford.

Please note that employees at the Trust are assigned to one of four Care Groups. A Care Group overarches a number of departments that are related. PHNT's Care Groups comprise of:

- Medicine
- Surgery
- Women's & Children's
- Clinical Support Services

The table below includes all doctors who work within the Medicine Care Group.
