You asked

We are currently researching what electronic health record (EHR) vendors NHS trusts are using to manage the following records for these departments:

- Cardiology
- Diabetes
- Neuroscience & Neurology
- Infection, Immunology, Inflammatory and Immunity
- Oncology
- Musculoskeletal

We would be very grateful if The Trust could let us know the vendors that are currently being used. This would be of great use for medical research we are involved with.

Our reply

Please find our tabled response

Are specified	HER vendor
Cardiology	CARDDAS (Cardiology Investigation Reporting System)
Diabetes	No EHR
Neuroscience & Neurology	No EHR
Infection, Immunology, Inflammatory and Immunity	ICNET
Oncology	Varian Aria MedOnc & RadOnc and Somerset Cancer Register systems
Musculoskeletal	Orthopaedics use Bluespier
