Freedom of Information Act Disclosure log - Reply Extract

Can you please inform me of the procedure, unless covered by this email, whereby I can obtain the following information under the Freedom of Information Act 2000.

I am looking to ascertain the following information on all ventilators, anaesthetic machines and patient warming units (forced air) located within your NHS Trust.

For patient medical ventilators: in ITU/NICU/PICU/HDU/SCBU (where applicable): Trust Name, Hospital name, equipment manufacturer and model, date installed, serial number, replacement date due, level status of department (where appropriate).

For Anaesthetic machines: Trust Name, Hospital name, equipment manufacturer and model, date installed, serial number, replacement date, speciality of theatre/department.

Patient warming units (forced air): Trust Name, Hospital name, equipment manufacturer and model, date installed, serial number, replacement date, speciality of theatre/department. If not purchased outright; when does current contract end?

Our reply

Please find the information requested and held by us in the attached spreadsheet.

Noting:

- The Trust does not hold replacement dates. Standard operating arrangements are that all items are flagged for review at seven years from the acceptance date we have provided, unless our maintenance teams specify otherwise.
- We do not hold expiry dates for some loan equipment.
