

Closed Circuit TV (CCTV) Privacy Notice

University Hospitals Plymouth NHS Trust's Derriford Hospital site and all peripheral sites use Closed Circuit Television (CCTV) to help reduce the fear of crime for patients, staff, and visitors to the sites and to protect Trust Premises and assets from criminal activity.

In addition CCTV may be used to monitor difficult to observe areas where patient or public safety could be compromised.

The Trust ensures that the use of CCTV complies with all relevant regulatory acts.

The Trust will consider the use of CCTV footage for internal investigation of potential breaches of Trust policy on a case-by-case basis and may use recorded footage as evidence for disciplinary action.
