

# National Cancer Patient Survey 2019

## UHP has scored 8.9 out of 10 in cancer patient care

The Trust ranks 15th in the nation, with a total of 143 trusts taking part in the survey.

## Communication with patients

The hospital has scored above the expected range in giving understandable answers to important questions (90%), sensitivity when being told they had cancer (89%), and giving the patient the name of a Cancer Nurse Specialist who would support them through their treatment (95%)

## Teamwork

The hospital has scored above the expected range in different people treating and caring for patients always working well together to give best possible care (76%)

## Investment

The Trust's recent investment in cancer care, including the recruitment of more support workers and healthcare navigators has considerably improved the patient experience
